

## Summer Camps 2021 Covid Protocol

Hello potential campers! We want you to know that we take your health and safety very seriously. Here are the things we are doing to assure a great camp week:

1. All camp leaders will be vaccinated.
2. We're welcoming a college student intern to our team of 2 camp leaders to help assure safety.
3. Most activities will be outside, with some rain contingencies.
4. Any activities held inside will follow county guidelines: all participants will wear masks, keep adequate spacing, etc
5. We ask all campers to bring their own lunch/snacks/water bottles and to not share with anyone outside their home pod.

If we move into a more restricted tier and need to cancel camp, we will let you know asap and refund all your registration fees. It is a crazy time, and we hope you will work with us to make camp a fun and safe experience. If you would like to suggest additional measures we can take to improve safety—or if your child needs any special considerations—please let camp coordinator, Sue Coulter know at [sue@noyocenter.org](mailto:sue@noyocenter.org).
